SKILLS

TECHNICAL SKILLS
Angular
AngularJS
JavaScript/ES6
CSS/CSS3
HTML/HTML5
Application Design Development
Data Structures

INDUSTRY KNOWLEDGE
UI/UX Design
Responsive Web Design
FrontEnd Development

PROJECTS

DRIVER DROWSINESS DETEC-TION
- Engineered features like eye movement and head postures to accurately identify signs of drowsiness
- Mastered real-time monitoring and alerts using the **Python** language.
- Presented the project in the final year of college in 2020.

LANGUAGES

Tamil
English
French

EXPERIENCE

HCLTECH |**Senior Analyst**
Jan 2021 - Present | Sholinganallur
- Designed and implemented a new user interface for an automatic score calculator using **Angular**, concurrently developing a visual representation through charts. Achieved a remarkable **40%** reduction in customer effort.
- Developed a set of user interfaces for data validation, specifically tailored to customer files. Achieved a **75%** reduction in manual work by generating a new set of files, streamlining data validation processes, and enhancing overall efficiency.
- Successfully led and delivered **3** distinct projects independently, consistently meeting tight deadlines. Mastered the translation of complex requirements into robust and user-friendly web applications.
- led diverse projects independently, offering guidance and mentoring to drive effective issue resolution, resulting in a **30%** increase in performance.
- Integrated **RESTful APIs** to dynamically fetch and showcase content on the website, elevating overall functionality to **70%.**

ACHIEVEMENTS

- Implemented efficient debugging processes and collaborated closely with cross-functional teams to streamline bug-fixing workflows, resulting in a **50%** seamless user interface and a consistently high-quality user experience.
- Received spot award of **500** xtramiles for the successful creation of new development within a tight **two-day** timeframe.
- Attended AZ-900, GCP, and AWS training for comprehensive knowledge of cloud services
- Awarded Pride of Tagore for excellence in ethical hacking at Tagore Engineering College.

COURSES

- Achieved proficiency in HTML, CSS, and **JavaScript**.
- Consistently solving problems in geeksforgeeks and leetcode.
- Completed hands-on projects to demonstrate practical application of skills in freecodecamp.

PROFESSIONAL DEVELOPMENT AND TRAINING

HACKING WORKSHOP
Actively Participated in a Comprehensive Gaming and Security Workshop in **2018**

PYTHON
Demonstrated exceptional engagement and commitment in actively participating Python workshop conducted by Spiro Solutions in the Year **2019**

GRAFIYA 2K19
Secured 1st Place in the Google IT competition organized by Grafiya 2k19, hosted by SMK Fomra Institute of Technology.
